TECHNICAL ACADEMY

Through the Technical Academy, an innovative partnership with Reading Area Community College, RMCTC students have the opportunity to develop advanced skills and earn credits toward a college degree while still in high school.

HOW THE
TECHNICAL ACADEMY WORKS

- Students enroll at RMCTC *and* RACC for grades 10, 11, and 12.

- During the first two years of the program, students may complete up to five college courses while attending class at RMCTC, earning up to 15 college credits.

- In the third year of the program, instead of spending half of their school day at RMCTC, students attend classes on the RACC campus. They may take three courses, earning up to nine additional college credits.

IMPORTANT BENEFITS

- Students may earn up to 24 college credits while still in high school.

- College credits earned at RMCTC are tuition free.

- Tuition for the courses taken on RACC's campus may be partially or fully subsidized by outside funding.

- Students may also earn industry certifications while preparing for jobs that are in high demand.

COMPUTER TECHNOLOGY DEGREE
(RMCTC'S IT WEB DESIGN STUDENTS)

The following courses are part of RACC's Computer Technology program of study and may be taken for articulated credit at RMCTC. The courses students may take at RACC in the 12th grade are indicated with an asterisk.*

BUS	100	Introduction to Business	3 credits
